

SPECIALIZED AUTISM SERVICES AT FAMILY BEHAVIORAL RESOURCES

FBR offers comprehensive services to children and families affected by Autism Spectrum Disorders. FBR has developed a specialized Autism Team comprised of individuals who exemplify a level of expertise in the provision of autism services. This team works to ensure and enhance the quality of services, expand the continuum of care for those on the spectrum, and train clinicians to excel in meeting the individual needs of the children we serve. The Autism Team consists of Autism Directors, Regional Directors of Autism Services, and a Director of Family Support Services.

Our Director of Family Support Services, Catherine Hughes, is a parent of a child formerly diagnosed on the autism spectrum. She is available to parents for consultation about available resources and information. You can call her at 1-866-4-FBR-ASD (office), or send email to autismservices@familybehavioralresources.com.

Questions regarding the provision of Autism Services at FBR can be directed to Rick Murray, LSW, BCBA, Chief Operating Officer at 1-866-4-FBR-ASD (office), or send e-mail to autismservices@familybehavioralresources.com.

If your child does not meet the criteria for an integrated camp and requires more specialized care, we invite you to contact us about our program specifically for persons with an Autism Spectrum Disorder.
